

Xuan Hoa Home is a furniture company that specializes in providing flexible window blinds, designed to effectively regulate sunlight. Our double-layer blinds help to reduce the strong light from outside but still allow you to see the beautiful landscape around the house. With outstanding design and features, 100% eco-friendly materials imported from Korea, our products help elevate your interior space.

The products below are illustrations that are closest to reality. However, Xuan Hoa Home still encourages you to get in touch with us or to come directly to the store to have an honest and objective experience for your selections. We highly value your presence!
